PROFESSIONAL PROFILE

Proactive and versatile Computer Science undergraduate combining deep technical acumen with strict operational discipline. As a full-stack developer and IT specialist, I have independently architected, designed, and deployed a multitude of cross-platform applications, demonstrating comprehensive full-cycle project management. Bilingual and highly adaptable, I offer a unique blend of web infrastructure management, AI prompt engineering, and complex digital media expertise. Dedicated to leveraging cutting-edge development stacks and rigorous problem-solving skills to drive efficiency, scale cloud infrastructures, and deliver high-impact technical solutions in dynamic environments.

SKILLS & EXPERTISE

WEB OPS & INFRA	AWS (EC2/S3), cPanel/WHM, Linux CLI, DNS (Cloudflare), Let's Encrypt SSL, Automated Backups.
DEVELOPMENT STACK	React.js, Node.js, PHP, Python, SQL (MySQL/MariaDB), HTML5/CSS3 (Tailwind), Flutter, Dart.
AI & OPTIMIZATION	Advanced Prompt Engineering, LLM Token Optimization, AI Systems Integration.
DIGITAL MARKETING	Technical SEO, Core Web Vitals, Schema Markup, GA4, GTM, Meta Pixel.
CONTENT & DESIGN	Premiere Pro, DaVinci Resolve, After Effects, Photoshop (High-precision Editing).
METHODOLOGIES	Agile/Scrum, Git/GitHub Workflow, Client Technical Support, Ticket Management.

TECHNICAL PROJECTS

Frenmot `Web App`

- Developed a personalized French learning companion application.

Kaj - Task Reminder `Flutter, Dart`

- Engineered a cross-platform web and Android application featuring custom reminders and data syncing.

Atmoxis `React, Node.js`

- Developed a production-quality weather web app focused on premium UX and atmospheric visuals.

ScreenDusk `Desktop App`

- Created a lightweight Windows desktop app applying a dimming overlay for privacy and low-light comfort.

3D Decision Maker `HTML, CSS, JS`

- Built an interactive 3D tool utilizing a cryptographically secure randomness lever mechanism.

Classic Snake `HTML5 Canvas, JS`

- Designed a modern, highly-polished web implementation of the classic arcade game.

PROFESSIONAL EXPERIENCE

Delivery Courier | Stuart *2025*

- Managed on-demand delivery logistics across Paris, utilizing the Stuart application ecosystem.

Private Tutor (Math, Physics, English) *2023 - 2025*

- Delivered formal and professional academic instruction across multiple core disciplines.

Freelance Video Editor *2020 - 2025*

- Managed complete post-production pipelines and coordinated projects for diverse global clients.

EDUCATION

Bachelor in Computer Science | EPITA | Paris, France *Sept 2025 - 2028*

French Diploma (DUEF) | Université Savoie Mont Blanc | Chambéry, France *Sept 2024 - Apr 2025*

Cambridge A-Level (Advanced) | Academia | Dhaka, Bangladesh *2023 - 2024*

LANGUAGES

English: Bilingual **French:** B1 **Bangla:** Native **Hindi & Urdu:** Conversational
